

**Joint Facility Management Standard (FMSFIE) Focus Group and IAI FM
Domain Coordination Meeting
April 18, 2002
Patuxent River Naval Air Station, Maryland**

Attendees:

1. Bobby Bean, Patuxent River Naval Air Station (PAX), phone: 301-757-1700, e-mail: beanra@navair.navy.mil
2. Penelope (Penny) Lumley, American Management Systems (AMS), phone: 703-227-6419, e-mail: Penelope_Lumley@amsinc.com
3. Francois Grobler, ERDC – Champaign, phone: 217-373-6723, e-mail: F_grobler@cecer.army.mil
4. David Horner, CADD/GIS Technology Center, phone: 601-634-3106, e-mail: hornerd@wes.army.mil
5. Bill Benson, Graphisoft US, phone: 617-641-2827, e-mail: bbenson@graphisoft.com
6. Rob Rock, Eagon, McAlister & Associates (EMA), phone: 301-757-1720, e-mail: rockrb@navair.navy.mil
7. Melinda Heslop, Eagon, McAlister & Associates (EMA), phone: 301-757-1712, e-mail: heslopm@navair.navy.mil
8. Chip Fleming, CADD/GIS Technology Center (EMA), phone: 601-634-2789, e-mail: Warren.D.Fleming@erdc.usace.army.mil
9. David Johnson, CADD/GIS Technology Center, phone: 601-634-3509, e-mail: Dave.M.Johnson@erdc.usace.army.mil
10. Bobby Carpenter, CADD/GIS Technology Center, phone: 601-634-4572, e-mail: Bobby.G.Carpenter@erdc.usace.army.mil

Purpose of Meeting:

The purpose of the meeting was to provide a brief review/discussion concerning the transactional Facility Management Standard (FMSFIE) development effort and the International Alliance for Interoperability (IAI) FM initiative. The agenda and topics discussed at the meeting included:

Transactional FMSFIE Strategic Plan & Framework Overview - Bobby Bean provided an overview of the transactional FMSFIE Strategic Plan and Framework. Powerpoint slides are available at:

<http://tsc.wes.army.mil/products/tssds-tsfs/fms/projects/fmsfiepr.htm>

Transactional Facility Management at PAX – Rob Rock and Melinda Heslop provided a live demonstration of the Patuxent River Naval Air Station (PAX) transactional FM database, focusing on buildings and space management, and integration with CADD and GIS. The PAX transactional FM database resides in an Oracle database. GIS maps and data is currently primarily available in ESRI MapObjects and ArcView digital format. CADD drawings are currently available in Autodesk AutoCAD digital format. PAX has begun migrating its GIS capability to ESRI ArcGIS and ArcIMS.

International Alliance for Interoperability (IAI) Facility Management Group Initiatives -

Francois Grobler and David Horner provided overviews concerning the IAI and initiatives. The IAI is scheduled to complete the Industry Foundation Class (IFC) 2x in calendar year 2002. Testing is scheduled to begin in August 2002, with Certification scheduled for December 2002. AutoDesk, Bentley, ArchiCAD, & Nemetscheck are primary participants.
